Welcome to Bestair, your trusted supplier in the HVAC industry

With over two decades of unwavering dedication and expertise, we have established ourselves as trusted importer and distributor of HVAC products in the region.

We are excited to announce an expansion of our product range to better serve our valued clientele. In addition to our renowned HVAC systems, we are introducing a comprehensive selection of materials and accessories designed to enhance and complement your comfort experience. Building lasting partnerships is at the core of our philosophy. We work closely with our customers and dealers to understand their unique requirements. At Bestair, your success is our priority. With offices strategically located in Sweden, Norway, Denmark, and Estonia, we ensure prompt and efficient support, wherever you are.

Our commitment to excellence drives everything we do. We strive to foster long-term partnerships with our valued customers and dealers.

Experience the difference – where quality, service, and partnership converge to elevate your HVAC experience. Get in touch with us to learn more about our products and how we can help you achieve your goals.

Welcome to Bestair Group.

Yours Truly,
Jaan Kopper (CEO of Bestair Group)

Table of Contents

1

COPPER TUBES

- 06 Dual coil
- Single coil
- Fittings
- Accessories

2

BRACKETS

- 07 Wall brackets
- 07 Ground brackets

Ambista Electric is a manufacturer of high-quality HVAC materials and accessories.

With a focus on innovation and sustainability, Ambista Electric offers a comprehensive range of accessories designed to complement HVAC systems and optimize their performance.

Ambista Electric prioritizes sustainability throughout its manufacturing processes, employing eco-friendly materials and energy-efficient technologies wherever possible. By adhering to stringent quality standards and employing advanced manufacturing techniques, the company ensures that its accessories deliver superior performance and durability, reducing maintenance requirements and prolonging the lifespan of HVAC systems. At the core of Ambista Electric's products are components meticulously engineered to meet the evolving needs of the HVAC industry. From copper tubes and brackets to outdoor protective roofs and tools, every product is crafted with precision and reliability in mind.

Ambista Electric's strong emphasis on innovation

Constantly exploring new technologies and design concepts to stay ahead of industry trends. The company's research and development team works tirelessly to develop cutting-edge solutions that address emerging challenges in HVAC system design, installation, and operation.

Ambista Electric is more than just a manufacturer

With a network of distributors and technical experts, the company offers comprehensive assistance to clients throughout the entire lifecycle of their HVAC accessories, from selection and installation to maintenance and troubleshooting. It's a trusted partner for HVAC professionals seeking reliable, sustainable, and innovative accessories. With a steadfast commitment to quality, innovation, and customer satisfaction, Ambista Electric continues to set the standard for excellence in the HVAC industry.

Copper Tubes & Accessories

Ambista pre-insulated copper tubes are the ultimate choice for AC systems. Crafted for efficiency, our tubes maintain precise temperature control, ensuring optimal cooling or heating performance and reduced energy costs.

About us

For over 22 years, Bestair Group has proudly served as a trusted importer and distributor of top-of-the-line air conditioning and heat pump systems with a steadfast commitment to excellence, reliability, and customer satisfaction. At Bestair Group, we understand the importance of providing our customers with cutting-edge solutions to meet their comfort needs. Whether it's cooling your home during scorching summers or keeping it cozy during chilly winters, our extensive range of AC and heat pump systems is designed to deliver performance and efficiency.

Condensate Water

Our condensate water management solutions are the result of a commitment to efficiency and durability. Explore our wide variety of condensation pipes, hoses, and accessories, catering to diverse needs for maximum versatility.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11126344	Condensate water hose 16/18 mm. Two-layer outside white and black inside. The clip-in connection hose does not require a separate seal. Clip-in connection every 50 cm. 50 meters in a roll.	1
	SCD300001	Condensate water hose 16/18 mm. Two-layer outside white and black inside. The clip-in connection hose does not require a separate seal. Clip-in connection every 50 cm. 25 meters in a roll.	1
	11126345	Condensate water hose 18/20 mm. Two-layer outside white and black inside. The clip-in connection hose does not require a separate seal. Clip-in connection every 50 cm. 50 meters in a roll.	1
	SCD300002	Condensate water hose 18/20 mm. Two-layer outside white and black inside. The clip-in connection hose does not require a separate seal. Clip-in connection every 50 cm. 25 meters in a roll.	1
	11126344T	Single-layer Ø18 condensate water hose with 16/18 mm seals. Connection is every 50 cm. Roll includes 30 seals. 50 meters in a roll.	1
	KIT87	Gasket set for Ø18 mm to the condensate water hose. Supplied with 60 pcs of O-rings.	60
	11126346T	Single single-layer Ø20 condensate water hose with 18/20 mm seals. Connection is every 50 cm. Roll includes 30 seals. 50 meters in a roll.	1
	KIT88	Gasket set for Ø20 mm for condensate water hose. Supplied with 60 pcs of O-rings.	60

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11126328	Two -layer insulated condensate water hose Ø14 mm. External size 26 mm. The pipe can be installed without additional insulation. Prevents condensation water on the outside surface. 20 meters.	1
	SCC300005	Two -layer insulated condensate water hose Ø20 mm. External size 31 mm. The pipe can be installed without additional insulation. Prevents condensation water on the outside surface. 20 meters.	1
	11126000	Y-connection to the condensate water hose Ø16-18 mm.	10
	11126001	Y-connection to the condensate water hose Ø18-20 mm.	10
	11126002	Y-connection to the condensate water hose Ø16-18-20 mm.	10
	11126003	3-Way connection to the condensate water hose Ø16-18-20 mm.	10
	11126010	1-way straight connection to the condensate water hose Ø16-18-20 mm.	10
	11126365	T-connection to the condensate water hose Ø18-20 mm.	10
	11126020	Y-connection to the condensate water hose Ø18-18 mm.	10
	11126022	Y-connection to the condensate water hose Ø20-20 mm.	10
	11126030	Straight connection to the seal to connect the hose Ø18-18 mm.	15

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11126032	Straight connection to the seal to connect the hose Ø20-20 mm.	15
	11126040	Straight connection to connect the rigid tube TCR-21 (Ø21) and the seal hose (Ø18).	15
	11126042	Straight connection to connect the rigid tube TCR-21 (Ø21) and the seal hose (Ø20).	15
	SCD300008	Straight connection for connecting the rigid pipe and condensate water hose. Colored connection diameter Ø16 mm. Suitable for hoses 14-16-18-20-25 mm.	5
	SCD300009	Straight connection for connecting the rigid pipe and condensate water hose. Colored connection diameter Ø18 mm. Suitable for hoses 14-16-18-20-25 mm.	5
	SCD300010	Straight connection for connecting the rigid pipe and condensate water hose. Colored connection diameter Ø20/21 mm. Suitable for hoses 14-16-18-20-25 mm.	5
	SCD300015	Straight connection for connecting the rigid pipe and condensate water hose. Colored connection diameter Ø22 mm. Suitable for hoses 14-16-18-20-25 mm.	5
	SCD300011	Straight connection for connecting the rigid pipe and condensate water hose. Colored connection diameter Ø25 mm. Suitable for hoses 14-16-18-20-25 mm.	5
	SCD300012	Straight connection for connecting the rigid pipe and condensate water hose. Colored connection diameter Ø32 mm. Suitable for hoses 14-16-18-20-25 mm.	5
	SCD300013	Straight connection for connecting the rigid pipe and condensate water hose. Colored connection diameter Ø40 mm. Suitable for hoses 14-16-18-20-25 mm.	5
	11126324	White rigid UVA-proof condensate water tube TCR-21. Inner Ø17 mm and external Ø21 mm. Length 2 m. The characteristics of the material help prevent condensation on the outer surface of the pipe.	25

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SCD300033	White rigid UVA-proof condensate water tube TCR-25. Inner Ø21 mm and external Ø25 mm. Length 2 m. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD300034	White rigid UVA-proof condensate water tube TCR-32. Inner Ø28 mm and external Ø32 mm. Length 2 m. The characteristics of the material help prevent condensation on the outer surface of the pipe.	12
	11126313	Straight seal connection to the TCR-21 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD300017	Straight seal connection to the TCR-25 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126393	Straight seal connection to the TCR-32 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126310	45° seal connection to the TCR-21 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD300018	45° connection to the TCR-25 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126391	45° connection to the TCR-32 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126311	90° connection to the TCR-21 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD300019	90° connection to the TCR-25 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126392	90° connection to the TCR-32 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11126312	T-connection with TCR-21 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD300020	T-connection with a TCR-25 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126394	T-connected TCR-32 rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126395	Continuation of the pipe transition to the rigid tube TCR-32 ==> TCR-21. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD300022	Continuation of the pipe transition to the rigid tube TCR-32 ==> TCR-25. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD300023	Continuation of the pipe transition to a rigid tube TCR-25 ==> TCR-21. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	11126317	Tube mounting clamp for TCR-21 rigid tube.	100
	SCD300021	Tube mounting clamp for TCR-25 rigid tube.	20
	11126396	Tube mounting clamp for TCR-32 rigid tube.	100
	SCD3E0001	Black rigid UVA-proof condensate water tube TCR-21 black. Inner Ø17 mm and external Ø21 mm. Length 2 m. The characteristics of the material help prevent condensation on the outer surface of the pipe.	25
	SCD3E0002	Straight seal connection for TCR-21 black to a rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SCD3E0003	45° seal connection for TCR-21 black rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD3E0004	90° seal connection for TCR-21 black rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD3E0005	T-connection for TCR-21 black rigid tube. Wall thickness 2 mm. The characteristics of the material help prevent condensation on the outer surface of the pipe.	20
	SCD3E0006	Tube mounting clamp for black TCR-21 rigid tube.	20
	11126315	PVC pipe glue for TCR-21 rigid tube. Black.	1
	SCD300004	SIPHON STOP Ø21 mm dry horizontal anti-odour, inspectable siphon. High-strength transparent plastic. Stoppers made of polyethylene with O-ring seals. For horizontal wall or false ceiling installations.	1
	SCD300005	SIPHON STOP Ø25 mm dry horizontal anti-odour, inspectable siphon. High-strength transparent plastic. Stoppers made of polyethylene with O-ring seals. For horizontal wall or false ceiling installations.	1
	SCD300006	SIPHON STOP Ø32 mm dry horizontal anti-odour, inspectable siphon. High-strength transparent plastic. Stoppers made of polyethylene with O-ring seals. For horizontal wall or false ceiling installations.	1
	SCD300007	SIPHON STOP Ø40 mm dry horizontal anti-odour, inspectable siphon. High-strength transparent plastic. Stoppers made of polyethylene with O-ring seals. For horizontal wall or false ceiling installations.	1
	SCD300014	SIPHON STOP Ø50 mm dry horizontal anti-odour, inspectable siphon. High-strength transparent plastic. Stoppers made of polyethylene with O-ring seals. For horizontal wall or false ceiling installations.	1
	11126322	Anti-odour lock to a rigid TCR-21 condensate water tube. Prevents the scents from the sewer as the pipeline dries. Length 185 mm.	10

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11126321	Anti-odour lock for condensate water hoses to Ø16/18/20/20/25 mm. Prevents the scents from the sewer as the pipeline dries. Length 167 mm.	10
	11126008	Anti-odour dry siphon for condensate drain pipe Ø32 mm. Suitable for devices with larger condensate water. Removable lid for inspection and washing. Dimensions (LxHxP): 110x42x65 mm.	1
	SCC300001	Anti-odour dry siphon for condensate drain pipe Ø40 mm. Suitable for devices with larger condensate water. Removable lid for inspection and washing. Dimensions (LxHxP): 157x60x65 mm.	1
	11126318	Anti-insect siphon for outdoor conditions. Suitable for condensate water hoses of Ø16/18/20 mm. Prevents the passage from the yard to insects. Length 72 mm.	1
	11126309	Anti-insect siphon for outdoor conditions. Suitable for condensate water hoses Ø16/18 mm. Prevents the passage of larger insects.	1
	11100100F	Drain pan 850x400 mm. The width is adjustable. Hose connection Ø16 mm. RAL9002.	1
	11100101F	Drain pan 1050x400 mm. The width is adjustable. Hose connection Ø16 mm. RAL9002.	1
	SCD300030	Drain pan 1250x500 mm. The width is adjustable. Hose connection Ø16 mm. RAL9002.	1
	SCD300050	Drain pan 850x400 mm. The width is adjustable. Hose connection Ø16 mm. RAL7016.	1
	SCD300051	Drain pan 1050x400 mm. The width is adjustable. Hose connection Ø16 mm. RAL7016.	1
	SCD300052	Drain pan 1250x500 mm. The width is adjustable. Hose connection Ø16 mm. RAL7016.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SCD300068	Drain pan 850x400 mm with heating cable of 15W/m, length 3 m. The width is adjustable. Hose connection Ø16 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL9002.	1
	SCD300069	Drain pan 850x400 mm with heating cable of 15W/m, length 6 m. The width is easily adjustable. Hose connection Ø20 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL9002.	1
	SCD300072	Drain pan 1050x400 mm with heating cable of 15W/m, length 3 m. The width is adjustable. Hose connection Ø16 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL9002.	1
	SCD300073	Drain pan 1050x400 mm with heating cable of 15W/m, length 6 m. The width is adjustable. Hose connection Ø20 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL9002.	1
	SCD300076	Drain pan 1250x500 mm with heating cable of 15W/m, length 3 m. The width is adjustable. Hose connection Ø16 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL9002.	1
	SCD300077	Drain pan 1250x500 mm with heating cable of 15W/m, length 6 m. The width is adjustable. Hose connection Ø20 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL9002.	1
	SCD300078	Drain pan 850x400 mm with heating cable of 15W/m, length 3 m. The width is adjustable. Hose connection Ø16 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL7016.	1
	SCD300079	Drain pan 850x400 mm with heating cable of 15W/m, length 6 m. The width is adjustable. Hose connection Ø20 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL7016.	1
	SCD300080	Drain pan 1050x400 mm with heating cable of 15W/m, length 3 m. The width is adjustable. Hose connection Ø16 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL7016.	1
	SCD300081	Drain pan 1050x400 mm with heating cable of 15W/m, length 6 m. The width is adjustable. Hose connection Ø20 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL7016.	1
	SCD300082	Drain pan 1250x500 mm with heating cable of 15W/m, length 3 m. The width is adjustable. Hose connection Ø16 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL7016.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SCD300083	Drain pan 1250x500 mm with heating cable of 15W/m, length 6 m. The width is adjustable. Hose connection Ø20 mm. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. RAL7016.	1
	11100105	Drain pan 820x340x25 mm. Electrogalvanized metal. Hose connection Ø16 mm. RAL9002.	1
	11100100	Drain pan 980x390x25 mm. Electrogalvanized metal. Hose connection Ø16 mm. RAL9002.	1
	11100101	Drain pan 1100x550x25 mm. Electrogalvanized metal. Hose connection Ø16 mm. RAL9002.	1
	SCD500090	Drain pan 1400x550x25 mm. Electrogalvanized metal. Hose connection Ø16 mm. RAL9002.	1
	SCD300065	Drain pan 980x390x35 mm with heating cable of 15W/m. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. Electrogalvanized metal. Hose connection Ø16 mm. RAL9002.	1
	SCD300070	Drain pan 1100x550x35 mm with heating cable of 15W/m. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. Electrogalvanized metal. Hose connection Ø16 mm. RAL9002.	1
	SCD500312	Drain pan 1400x550x35 mm with heating cable of 15W/m. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. Electrogalvanized metal. Hose connection Ø16 mm. RAL9002.	1
	SCD300066	Drain pan 980x390x35 mm with heating cable of 15W/m for drain pan and drain pipe. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. Hose connection Ø16 mm. RAL9002.	1
	SCD300071	Drain pan 1100x550x35 mm with heating cable of 15W/m for drain pan and drain pipe. Cable Ø6 mm, power 230V. Integrated thermostat. Activation at +3°C. Hose connection Ø16 mm. RAL9002.	1
	SCD500186	Drain pan 845x410x252 mm + plastic floor base 450 mm + bracket. Hose connection Ø16 mm. RAL9002.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SCD500187	Drain pan 1050x410x252 mm + plastic floor base 450 mm + bracket. Hose connection Ø16 mm. RAL9002.	1
	SCD500314	Drain pan 845x410x252 mm with 3 m heating cable 15W/m + plastic floor base 450 mm + bracket. Hose connection Ø16 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1
	SCD500315	Drain pan 1050x410x252 mm with 3 m heating cable 15W/m + plastic floor base 450 mm + bracket. Hose connection Ø16 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1
	SCD500316	Drain pan 845x410x252 mm with 6 m heating cable 15W/m + plastic floor base 450 mm + bracket. Hose connection Ø20 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1
	SCD500317	Drain pan 1050x410x252 mm with 6 m heating cable 15W/m + plastic floor base 450 mm + bracket. Hose connection Ø20 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1
	SCD500103	Drain pan 845x410x240 mm + rubber floor base 450 mm + bracket. Hose connection Ø16 mm. RAL9002.	1
	SCD500104	Drain pan 1050x410x240 mm + rubber floor base 450 mm + bracket. Hose connection Ø16 mm. RAL9002.	1
	SCD500308	Drain pan 845x410x240 mm with 3 m heating cable 15W/m + rubber floor base 450 mm + bracket. Hose connection Ø16 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1
	SCD500309	Drain pan 1050x410x240 mm with 3 m heating cable 15W/m + rubber floor base 450 mm + bracket. Hose connection Ø16 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1
	SCD500310	Drain pan 845x410x240 mm with 6 m heating cable 15W/m + rubber floor base 450 mm + bracket. Hose connection Ø20 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1
	SCD500311	Drain pan 1050x410x240 mm with 6 m heating cable 15W/m + rubber floor base 450 mm + bracket. Hose connection Ø20 mm. Cable Ø6 mm, power 230V, thermostat activation at +3°C. RAL9002.	1

Electrical Materials

Our electric materials excel in quality, durability, and safety, powering efficiency in various applications. Innovation drives us to meet evolving needs while simplifying installations and ensuring reliability in a dynamic world.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	CDX245	Premium EQQ LiteRex 3G1,5S Dca. Halogen-free (EN 60754-1/2). Single threaded cable. 100 meters.	100
	CDX240	Premium EQQ LiteRex 3G2,5S Dca. Halogen-free (EN 60754-1/2). Single threaded cable. 100 meters.	100
	CDX232	Premium EQQ LiteRex 4G1,5S Dca. Halogen-free (EN 60754-1/2). Single threaded cable. 100 meters.	100
	CDX238	Premium EQQ LiteRex 4G2,5S Dca. Halogen-free (EN 60754-1/2). Single threaded cable. 100 meters.	100

	ATB699	Fusebox sealable S4 Door, IP30. 140x95x83 mm (HxWxD).	1
	ATB700	Fusebox sealable S6 Door, IP30. 140x130x83 mm (HxWxD).	1
	CHH006	Fusebox 1x8MOD surface, IP40. 226x256x70 mm (HxWxD).	1
	CPJ601	Fusebox 1x12MOD surface, IP40. 236x328x76 mm (HxWxD).	1
	ATO705	Splicing Connector for all conductor types, max. 4 mm²; 2-conductor; with levers. Transparent housing. Surrounding air temperature: max 85°C.	100
	ATO706	Splicing Connector for all conductor types, max. 4 mm²; 3-conductor; with levers. Transparent housing. Surrounding air temperature: max 85°C.	50
	ATO707	Splicing Connector for all conductor types, max. 4 mm²; 5-conductor; with levers. Transparent housing. Surrounding air temperature: max 85°C.	25
	ALX036	Splicing connector for solid conductors; max. 2.5 mm²; 2-conductor; transparent housing; white cover; Surrounding air temperature: max 60°C. 100 pcs/pack.	100
	ALX037	Splicing connector for solid conductors; max. 2.5 mm²; 3-conductor; transparent housing; white cover; Surrounding air temperature: max 60°C. 100 pcs/pack.	100

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	ALX038	Splicing connector for solid conductors; max. 2.5 mm ² ; 4-conductor; transparent housing; white cover; Surrounding air temperature: max 60°C. 100 pcs/pack.	100
	ALX039	Splicing connector for solid conductors; max. 2.5 mm ² ; 5-conductor; transparent housing; white cover; Surrounding air temperature: max 60°C. 100 pcs/pack.	100
	AFH024	Junction box with terminal strip. Protection rating IP55, nominal voltage 690 V, nominal cross-section 2,5 mm ² . Dimensions: 75 x 75 x 36,2 mm.	1
	AMO637	Junction box A6. Protection rating IP55, rated voltage 400 V, nominal cross-section 2.5mm ² . Dimensions: 80 x 43 x 36 mm.	1
	AFF164	Junction box A11 without terminal strip. Protection rating IP55, rated voltage 400 V, nominal cross-section 2.5mm ² . Dimensions: 85 x 85 x 40 mm.	1
	AND221	Junction box A14. Protection rating IP55, rated voltage 400 V, nominal cross-section 2.5mm ² . Dimensions: 100 x 100 x 40 mm.	1
	HC 2M	Heating cable CNFx with thermostat. 230V, 40W/m. Thermostat +3°C/+8°C. Heating part 2 m and connecting cable 1 m. The thermostat is located at the top of the heating cable.	50
	HC 3M	Heating cable CNFx with thermostat. 230V, 40W/m. Thermostat +3°C/+8°C. Heating part 3 m and connecting cable 1 m. The thermostat is located at the top of the heating cable.	50
	HC 5M	Heating cable CNFx with thermostat. 230V, 40W/m. Thermostat +3°C/+8°C. Heating part 5 m and connecting cable 1 m. The thermostat is located at the top of the heating cable.	50
	HC 6M	Heating cable CNFx with thermostat. 230V, 40W/m. Thermostat +3°C/+8°C. Heating part 6 m and connecting cable 1 m. The thermostat is located at the top of the heating cable.	50

A2W Accessories

Enhance A2W heat pump performance. Explore our accessory range for air-to-water systems. Maximize comfort and heating system efficiency with our selection designed to ensure the reliability of your heat pump system.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	MW200wz 6/4"	1-phase heater for a boiler with a thermostat 2000W 6/4". A practical use of the heater is to support water heating during the heating season.	1
	MW300wz 6/4"	1-phase heater for a boiler with a thermostat 3000W 6/4". A practical use of the heater is to support water heating during the heating season.	1
	3F-MW60 6/4"	3-phase heater for a boiler with a thermostat 6000 (3x2000) W 6/4". A practical use of the heater is to support water heating during the heating season.	1
	3F-MW90 6/4"	3-phase heater for a boiler with a thermostat 9000 (3x3000) W 6/4". A practical use of the heater is to support water heating during the heating season.	1
	304900000000037	Magnesium anode. Suitable for hot water tank 200L.	1
	304900000000031	Magnesium anode. Suitable for hot water tank 300L.	1
	304900000000038	Magnesium anode. Suitable for hot water tank 400-500L.	1
	525015029	Aquakros AME400 titanium anode for water tank 200-500L	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	I1920012	Mud filter 1/2" (DN15). 20 bar/290 psi. Minimum and maximum operating temperature: -20°C, 110°C in the absence of steam. Filtration degree 500 µm. Length 58 mm.	1
	I1920034	Mud filter 3/4" (DN20). 20 bar/290 psi. Minimum and maximum operating temperature: -20°C, 110°C in the absence of steam. Filtration degree 500 µm. Length 70 mm.	1
	I1920100	Mud filter 1" (DN25). 20 bar/290 psi. Minimum and maximum operating temperature: -20°C, 110°C in the absence of steam. Filtration degree 500 µm. Length 87 mm.	1
	I1920114	Mud filter 1 1/4" (DN32). 20 bar/290 psi. Minimum and maximum operating temperature: -20°C, 110°C in the absence of steam. Filtration degree 500 µm. Length 96 mm.	1
	I1920112	Mud filter 1 1/2" (DN32). 20 bar/290 psi. Minimum and maximum operating temperature: -20°C, 110°C in the absence of steam. Filtration degree 500 µm.	1
	182015	Filter valve (ball valve) for heating and cooling LK 522 sk 3/4", Kvs 7.5 m³/h, brass. Working temperature: min. -20°C / max. +120°C. Max. working pressure: 1.6 MPa (16 bar).	1
	182016	Filter valve (ball valve) for heating and cooling LK 522 sk 1", Kvs 11 m³/h, brass. Working temperature: min. -20°C / max. +120°C. Max. working pressure: 1.6 MPa (16 bar).	1
	182017	Filter valve (ball valve) for heating and cooling LK 522 sk 1 1/4", Kvs 20 m³/h, brass. Working temperature: min. -20°C / max. +120°C. Max. working pressure: 1.6 MPa (16 bar).	1
	182018	Filter valve (ball valve) for heating and cooling LK 522 sk 1 1/2", Kvs 33 m³/h, brass. Working temperature: min. -20°C / max. +120°C. Max. working pressure: 1.6 MPa (16 bar).	1
	I3620012	Automatic air-vent valve 1/2", straight, 10 Bar, 110°C	1
	I3640012	Automatic air-vent valve 1/2", side inlet, 10 bar, 110°C	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	27710	The Flexvent H has a 1/2" 90°-angled connection which means it can be mounted directly on one of the radiator ports.	1
	89000	The Flexvent E has a 1/2" straight connection. The compact, proven design has high efficiency and guaranteed operation for heating and air conditioning.	1
	RBM24050600	Multifunction polymer magnetic dirt separator "SafeCleaner 2" with FF ball valves connection. Plastic polymer cartridge holder body. Plastic polymer diverter valve.	1
	703002990	Magnetic filter "Compact Magnum DF" G1 1/4" straight VK/K. Sludge separators with 8-stage cyclone filter and magnet. The drain valve is located at the bottom of the housing. Flow rate up to 10 m³/h.	1
	448602010	Filter ball valve 486-20, 3/4"F, lever, magnet.	1
	448602510	Filter ball valve 486-25, 1"F, lever, magnet.	1
	448603210	Filter ball valve 486-32, 1 1/4"F, lever, magnet.	1
	431530015	3-way AMV3104 (DN15) 1/2" brass mixing and distribution valve with internal thread. KV (m³/h): 2.5. It is possible to add a motor. Max. working pressure 10 bar, max closing pressure 4 bar.	1
	431530025	3-way AMV3112 (DN20) 3/4" brass mixing and distribution valve with internal thread. KV (m³/h): 2.5. It is possible to add a motor. Max. working pressure 10 bar, max closing pressure 4 bar.	1
	431530030	3-way AMV3121 (DN25) 1" brass mixing and distribution valve with internal thread. KV (m³/h): 2.5. It is possible to add a motor. Max. working pressure 10 bar, max closing pressure 4 bar.	1
	431530035	3-way AMV3122 (DN25) 1" brass mixing and distribution valve with internal thread. KV (m³/h): 2.5. It is possible to add a motor. Max. working pressure 10 bar, max closing pressure 4 bar.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	431530040	3-way AMV3131 (DN32) 1 1/4" brass mixing and distribution valve with internal thread. KV (m³/h): 2.5. It is possible to add a motor. Max. working pressure 10 bar, max closing pressure 4 bar.	1
	66106	LK 525 MultiZone 3W is a motorized 3-way zone valve G 1", Kvs 8,0 m³/h for On/Off control. The zone valve is designed with a turning slide which allows it to withstand a larger pressure difference.	1
	66107	LK 525 MultiZone 3W is a motorized 3-way zone valve G 1 1/4", Kvs 8,0 m³/h for On/Off control. The zone valve is designed with a turning slide which allows it to withstand a larger pressure difference.	1
	66061	Actuator 230 VAC with cable 1 m.	1
	66062	Actuator 230 VAC with cable 3 m.	1
	752000025	Filling device with strainer 1" (DN25). Supplied with insulation. The product is designed to fill, drain and protect the hot and cold circuit of the heat pump.	1
	752000032	Filling device with strainer 1 1/4" (DN32). Supplied with insulation. The product is designed to fill, drain and protect the hot and cold circuit of the heat pump.	1
	91481	MultiFill® LK 521 for filling the ground heating system M 1 1/4" and M 3/4" Kvs 22 m³/h, vk. Working temperature min. -20 °C / max. +80 °C, working pressure 1.0 MPa, with insulation, with filter.	1
	400011715	GPO S Pump group with 3-way valve mixing valve DN20. Equipped with two ball valves thermometers, non-return valve, circulation pump Wilo Para SC and three-way mixing valve with actuator with manual setting option.	1
	400011762	GPO M. 2-way pump group with three-way mixing valve DN 20. Pump station is equipped with all the necessary devices for the easiest installation and operation of the system. Two ball valves, with shut-off valves and with integrated thermometers. Flow controller of the heat transfer medium with integrated filling valves.	1
	400011761	GPO M. 2-way pump group with three-way mixing valve DN 25. Pump station is equipped with all the necessary devices for the easiest installation and operation of the system. Two ball valves, with shut-off valves and with integrated thermometers. Flow controller of the heat transfer medium with integrated filling valves.	1

Outdoor Covers

Our AC outdoor unit covers are crafted for superior quality and unmatched durability. Engineered to withstand harsh weather conditions, they safeguard your investment for years of reliable cooling and heating performance.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	OC4001	Natural spruce outdoor unit cover. Dimensions (LxHxD): 1185x845x630 mm. Dimensions of which (max.) are: 650x1050x520 mm. Weight 25 kg.	1
	OC4002	Natural spruce outdoor unit cover. Dimensions (LxHxD): 1180x800x625 mm. Treated with wood preservative. Weight 25 kg.	1
	SCC600001	PVC plastic outdoor cover with wood pattern finish. Strong construction, maintenance free and weather resistant. Dimensions: 885x690x345 mm.	1
	SCC600002	PVC plastic outdoor cover with wood pattern finish. Strong construction, maintenance free and weather resistant. Dimensions: 990x910x395 mm.	1
	OC1001	Metal roof curved 920x540x200 mm. RAL 9002.	1
	OC1003	Metal roof curved 920x540x200 mm. RAL 9005 (Black).	1
	12000027	Metal roof for outdoor unit. Dimensions (WxDxH): 800x445x120 mm. Roof slope: 15°, Color RAL9002. Self-tapping screws and fixing dowels are included in the set.	1
	12000028	Metal roof for outdoor unit. Dimensions (WxDxH): 1000x545x120 mm. Roof slope: 15°, Color RAL9002. Self-tapping screws and fixing dowels are included in the set.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SCD600002	Metal roof for outdoor unit. Dimensions (WxDxH): 800x530x120 mm. Roof slope: 30°, Color RAL9002. Self-tapping screws and fixing dowels are included in the set.	1
	SCD600003	Metal roof for outdoor unit. Dimensions (WxDxH): 1000x530x120 mm. Roof slope: 30°, Color RAL9002. Self-tapping screws and fixing dowels are included in the set.	1
	MA 101	Galvanized steel safety cage. Dimensions: 800x1000x500 mm. RAL 9002 with very durable epoxy resin paint. There is a lockable door on the right side of the safety cage for easier maintenance of the device.	1
	MA 102	Galvanized steel safety cage. Dimensions: 900x1000x900 mm. RAL 9002 with very durable epoxy resin paint. There is a lockable door on the right side of the safety cage for easier maintenance of the device.	1
	MA 103	Galvanized steel safety cage. Dimensions: 1000x1200x600 mm. RAL 9002 with very durable epoxy resin paint. There is a lockable door on the right side of the safety cage for easier maintenance of the device.	1
	MA 104	Galvanized steel safety cage. Dimensions: 1200x1200x600 mm. RAL 9002 with very durable epoxy resin paint. There is a lockable door on the right side of the safety cage for easier maintenance of the device.	1
	MA 105	Galvanized steel safety cage. Dimensions: 1400x1200x650 mm. RAL 9002 with very durable epoxy resin paint. There is a lockable door on the right side of the safety cage for easier maintenance of the device.	1
	MA 106	Galvanized steel safety cage. Dimensions: 1600x1200x650 mm. RAL 9002 with very durable epoxy resin paint. There is a lockable door on the right side of the safety cage for easier maintenance of the device.	1
	SCD500163	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL9002. Dimension (WxHxD): 900x700x500 mm.	1
	SCD500164	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL9002. Dimension (WxHxD): 1100x850x600 mm.	1
	SCD500165	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL9002. Dimension (WxHxD): 1150x1200x650 mm.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SCD500166	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL9002. Dimension (WxHxD): 1200x1500x750 mm.	1
	SCD500167	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL7016. Dimension (WxHxD): 900x700x500 mm.	1
	SCD500168	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL7016. Dimension (WxHxD): 1100x850x600 mm.	1
	SCD500169	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL7016. Dimension (WxHxD): 1150x1200x650 mm.	1
	SCD500170	Outdoor unit protective cover for wall mounting with 5° sloped roof, RAL7016. Dimension (WxHxD): 1200x1500x750 mm.	1
	12000005	PVC plastic-coated fabric cover for condensing unit. Dimension (Wx-HxD): 770x530x260 mm.	1
	12000006	PVC plastic-coated fabric cover for outdoor unit. Dimension (WxHxD): 870x530x280 mm.	1
	12000007	PVC plastic-coated fabric cover for outdoor unit. Dimension (WxHxD): 880x530x330 mm.	1
	12000008	PVC plastic-coated fabric cover for outdoor unit. Dimension (WxHxD): 880x620x400 mm.	1
	12000009	PVC plastic-coated fabric cover for outdoor unit. Dimension (WxHxD): 950x890x370 mm.	1
	SCD600006	PVC plastic-coated fabric cover for outdoor unit. Dimension (WxHxD): 1000x800x400 mm.	1

Tools

Our selection spans a wide range of tools, each carefully chosen to serve a unique purpose in the installation and maintenance of AC systems. From precision instruments to specialized equipment.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	CT-127B	Tube cutter mini 1/8 "-5/8" (3-16 mm). Suitable for tight conditions.	100
	CT-128	Tube cutter mini red 1/8 "-7/8" (3-22 mm). Suitable for tight conditions.	100
	CT-174	Tube cutter 1/8 "-1-1/8" (3-28 mm).	100
	CT-274	Tube cutter 1/8 "-1-1/8" (4-28 mm).	50
	CT-N274	Tube cutter 1/8 "-1-3/16" (4-30 mm).	50
	CT-312	Tube cutter 1/4"-1-5/8" (6-42 mm) for copper tubes.	50
	CT-428	Tube cutter 3/16"-1 1/8" (4-28 mm) for copper tubes.	50
	CT-532	Tube cutter roller type for 4-32 mm copper tubes.	50

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	CT-650	Tube cutter roller type 1/4"-2" (6-50 mm) for copper tubes.	50
	11529	Punch tool expander 1/4" - 5/16" - 3/8" - 1/2" - 5/8".	1
	CT-100A	Pipe expander KIT for 3/8"-1-1/8" pipes. The set includes expansion nozzles, a pipe cutter, reamer and deburrer. Heads 3/8", 1/2", 5/8", 3/4", 7/8", 1", 1-1/8".	4
	CT-100AL	Pipe expander KIT for 3/8"-1-5/8" pipes. The set includes expansion nozzles, a pipe cutter, reamer and deburrer. Heads 3/8", 1/2", 5/8", 3/4", 7/8", 1", 1-1/8", 1-1/4", 1-3/8", 1-1/2", 1-5/8".	4
	CT-300A	Hydraulic expander KIT for 3/8", 1/2", 5/8", 3/4", 7/8", 1", 1- 1/8". Tube cutter 5-50 mm and deburrer included.	4
	CT-300A-L	Hydraulic expander KIT for 3/8", 1/2", 5/8", 3/4", 7/8", 1", 1- 1/8", 1-1/4", 1-3/8", 1-1/2", 1-5/8". Tube cutter 5-50 mm and deburrer included.	4
	CT-806AM-L	Eccentric cone flaring tool set, 1/4", 5/16", 3/8", 1/2", 5/8", 3/4". Kit includes reamer and tube cutter 4-28 mm.	10
	CT-806AM-F	Eccentric flaring tool Kit 1/4", 5/16", 3/8", 1/2", 5/8", 3/4". Tube cutter (4-28 mm) and reamer (5-35 mm) included.	10
	CT-103A	Flaring tool 45° for 7/8", 1", 1/8".	10
	CT-203A	Flaring tool 45° for 5/8", 3/4", 7/8", 1 1/8".	10
	CT-190A	Silver + Red Flaring Tool Set. Flare Size: 3/16", 1/4", 5/16", 3/8", 7/16", 1/2", 5/8".	20

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	CT-195A	Flaring tool 45°, 3/16", 1/4", 5/16", 3/8", 7/16", 1/2", 5/8" (5-16 mm) for copper tubes.	20
	CT-2020	Flaring tool. Flare Size: 3/16", 1/4", 5/16", 3/8", 1/2", 5/8".	30
	CT-525	Flaring tool 45°, 3/16"-5/8" (5-16 mm) for copper tubes.	20
	CT-N806A-D	Premium product! Eccentric flaring tool kit for 1/4", 5/16", 3/8", 1/2", 5/8", 3/4" (6-19 mm) copper tubes. Kit includes deburrer.	10
	CT-N806A-L	Premium product! Eccentric flaring tool kit for 1/4", 5/16", 3/8", 1/2", 5/8", 3/4" (6-19 mm) copper tubes. Kit includes deburrer and tube cutter 4-32 mm.	10
	CT-N806AM-L	Premium product! Eccentric flaring tool kit for 1/4", 5/16", 3/8", 1/2", 5/8", 3/4" (6, 8, 10, 12, 16, 19 mm) copper tubes. Kit includes deburrer and tube cutter 4-32 mm.	10
	CT-207	Handy deburrer. Ergonomic handle, the convenient and precise use of which leaves a clean final result. The cleaner has free 360° movement and is suitable for all pipe sizes.	100
	CT-208	Inner-outer reamer, plastic body. Convenient to use for cleaning both the inner and outer edges of the pipe. Leaves a clean finish. Fits pipe sizes 3/16"-1 1/2" (5-38 mm).	100
	CT-501	Inspection mirror Ø32 mm with telescopic arm (127-500 mm). The product is intended for use in confined spaces.	100
	CT-502	Inspection mirror Ø50 mm with telescopic arm (200-410 mm). The product is intended for use in confined spaces.	100
	FLT-3M	A multifunctional inspection tool with separately attached mirror, LED light and magnet, with a flexible tip. The telescopic arm is 360° rotatable and extendable up to 380 mm. Black.	100

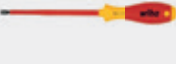

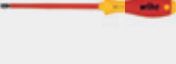

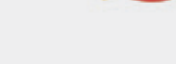

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	FLT-2M	Inspection mirror (65x40 mm) with telescopic arm (275-870 mm) with LED light. The illuminated mirror part can be rotated 360° and, thanks to the larger than usual mirror surface.	100
	CT-503	A telescopic rod with a magnetic tip, the extension range 126-637 mm. Retrieving a screw or nut that has fallen from your fingers in tight spaces has never been easier.	100
	CT-351	A/C evaporator fin straightener/cleaner. Thanks to six lamella gap sizes, this product is suitable for straightening and cleaning the lamellas of most air conditioners.	50
	CT-352	Strong and durable A/C evaporator fin straightener/cleaner.	100
	CT-364-04A	Tube bender 1/4". Bending angle of 0° -180°.	20
	CT-364-06A	Tube bender 3/8". Bending angle of 0° -180°.	12
	CT-364-08A	Tube bender 1/2". Bending angle of 0° -180°.	12
	CT-364-10	Tube bender 5/8". Bending angle of 0° -180°.	8
	CT-364-12	Tube bender 3/4". Bending angle of 0° -180°.	8
	CT-102-L	Set of copper tube bending springs 210mm. Dimensions 1/4", 5/16", 3/8", 1/2", 5/8". For use outside the pipe.	50
	14121	Copper pipe bending spring for 3/8" tube. Length 1500 mm.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	14122	Copper pipe bending spring 1/2" tube. Length 1500 mm.	1
	14123	Copper pipe bending spring 5/8" tube. Length 1500 mm.	1
	14124	Copper pipe bending spring for 3/4" tube. Length 1500 mm.	1
	14126	Copper pipe bending spring for 3/8" tube. Length 2500 mm.	1
	14127	Copper pipe bending spring 1/2" tube. Length 2500 mm.	1
	14128	Copper pipe bending spring 5/8" tube. Length 2500 mm.	1
	14129	Copper pipe bending spring for 3/4" tube. Length 2500 mm.	1
	11544	Plastic pipe bending probe set for copper pipes 1/4" - 3/8" - 1/2". Probe length 5 m.	1
	11543	Plastic pipe bending probe set for copper pipes 1/4" - 3/8" - 1/2" - 5/8". Probe length 5 m.	1
	11484	Electronic refrigerant scale 50 kg. in a plastic impact-resistant case. Weight 4 kg. Dimensions: 415x330x105 mm. Measurement accuracy: ±0.05% of the measured value. 9V alkaline battery.	1
	11486	Electronic refrigerant scale 100 kg. in a plastic impact-resistant case. Weight 4 kg. Dimensions: 415x330x105 mm. Measurement accuracy: ±0.05% of the measured value. 9V alkaline battery.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	03-94002	Digital clamp meter is used for the following measurements: DC/AC voltage, AC current, electric resistance, temperature, diode check and continuity check. It features automatic range selection and memory storage for the last measurements. Body made of high quality plastic. LCD backlit display allows to operate in poor ambient light. Nylon case.	1
	03-94003	Digital clamp meter is used for the following measurements: DC/AC voltage, DC/ AC current, electric resistance, temperature, diode check and continuity check. It features automatic range selection and memory storage for the last measurements. Body is made of high quality plastic. Nylon case for easier storage and transport.	1
	A830L	Digital multimeter. LCD display with backlight button, hold button, diode transistor resistor, DC AC voltage ampere testers tool. DC voltage: 200mV/2/20/200/500V; AC voltage: 200/500V; Current: 2/20/200m/10A; Resistance: 200/2k/20k/200k/2M; Overload protection: 200mA 250V fuse (10A-range is not fuse-protected).	1
	03-94001	Digital multimeter is used for the following measurements: DC/AC voltage, DC/AC current, electric resistance, continuity check, hFE (transistor tester), capacity, diode check and temperature. It features automatic range selection and memory storage for the last measurements. Body made of high quality plastic.	1
	03-94004	Digital multimeter. It is equipped with a touch panel. The digital colour meter features auto recognition, NC electric field detection, hold function and circuit continuity. True RMS increases the device's capabilities. Frequency is 10 Hz - 8 MHz and resistance is determined in the range of 0.1-60M Ω. The meter voltage is AC 600V, DC 600V, Cat II 600V.	1
	01-94W104	Digital multimeter 300V is used to measure AC/DC voltage, DC current, electric resistance and diode check. Body is made of high quality plastic. Large LCD display for easy measurement reading. Compliance with European safety standards is confirmed with CE certificate.	1
	01-94W105	Digital multimeter is used to measure AC/DC voltage, AC current, electric resistance and diode check. Body is made of high quality plastic. Large LCD display for easy measurement reading. HOLD feature allows to keep and remember the displayed value. Compliance with European safety standards is confirmed with CE certificate.	1
	03-01220	Combination pliers 160 mm, CrV 1000V.	1
	03-01223	Long nose pliers 160 mm straight, CrV 1000V.	1
	03-01226	Diagonal cutter 160 mm, CrV 1000V.	1
	18-0306160	Combination pliers 160 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	18-0306180	Combination pliers 180 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	18-1386200SB	Multifunctional pliers 200 mm, VDE 1000V for the electrical installation; to grip flat and round material, for bending, deburring, cutting cable, stripping and crimping wire ferruleless.	1
	18-2506160	Long Nose Pliers with Cutter 160 mm, VDE 1000V Insulated. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	18-2616200	Snipe Nose Side Cutting Pliers 200 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	18-7006160	Diagonal Cutter 160 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	18-7006180	Diagonal Cutter 180 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-320N025075	Screwdriver flat 2.5x75 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-320N030100	Screwdriver flat 3.0x100 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-320N035100	Screwdriver flat 3.5x100 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-320N040100	Screwdriver flat 4.0x100 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-320N055125	Screwdriver flat 5.5x125 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	22-320N065150	Screwdriver flat 6.5x150 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-321N0	Screwdriver PH0x60 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-321N1	Screwdriver PH1x80 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-321N2	Screwdriver PH2x100 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-321N3	Screwdriver PH3x150 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-3281080	Screwdriver GROOVE/PZ1x80 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-3282100	Screwdriver GROOVE/PZ2x100 mm, VDE 1000V. A high-quality professional tool made in Germany and specially designed for electrical work.	1
	22-3201K6	Screwdriver set VDE 1000V. SLIM, 6-piece. The set includes: flat 3.5x100 mm, 4.0x100 mm, 5.5x125 mm and 6.5x150 mm; PH1x80 mm and PH2x100 mm.	1
	03-04051	Slotted flathead screwdriver 160 mm, 2.5x75 mm, 1000V. Magnetic tip.	1
	03-04052	Slotted flathead screwdriver 175 mm, 3.0x100 mm, 1000V. Magnetic tip.	1
	03-04053	Slotted flathead screwdriver 205 mm, 4.0x100 mm, 1000V. Magnetic tip.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	03-04072	Screwdriver cross head PH1x80 mm, 1000V. Magnetic tip.	1
	03-04073	Screwdriver cross head PH2x100 mm, 1000V. Magnetic tip.	1
	22-SB25514	Non-contact voltage indicator 90-1000V, LED.	1
	22-25511L	Screwdriver-indicator 110-250V.	1
	03-01524	Cable stripper NEO, 0.5-0.6 mm², 8-13 mm².	1
	03-01500	Cable stripping pliers NEO, 205 mm 0.2-6 mm².	1
	16-J10160	Cable stripper 4-16 mm, SECURA No. 16.	1
	16-J10270	Cable stripper 8-28 mm, SECURA No. 27.	1
	16-J30150	Cable stripper Ø 8-13 mm, 0.2-4 mm², Super No. 15.	1
	16-J30180	Cable stripper 1.5 mm² 7.0 mm Ø for solar panel cable SE-Strip 1.5.	1
	16-J30190	Cable stripper 2.5-6.0 mm² 7.5-9.5 mm Ø for solar panel cable SE-Strip 2.5-6.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	03-99101	Flashlight made of high quality aluminum, with high efficiency 200 lm strong LED. The torch features a zoom function. IPX7 protection class. Powered by three AAA batteries.	1
	03-99045	A battery-powered inspection torch with 4 W and 400 lm of output from a COB LED source. The strong magnet in the base and the pocket-carry clip. 3 light modes: 100%, 50%, red strobe light.	1
	03-99200	Headlamp 400 lm, zoom, CREE R5 headlamp 3xAAA. Durable and functional device with adjustable light power. High-class 5W Cree R5 LED. Made of aluminum. Up to 5 hours of constant lighting.	1
	03-99201	Headlamp 250 lm, high quality 3W LED Cree XPE. The aluminum casing. The lamp features a zoom function. Adjustable light angle. 3 light functions 100% / 50% / strobe. Powered by three AAA battery.	1
	FL-C7	The Fenix C7 Flashlight. Up to 3000 lm, max. distance of 470 m. Battery level indicator. Included 5000mAh battery charged via the USB Type-C port. The magnetic base. Waterproof to 1m.	1
	FL-WT16R	The Fenix WT16R magnetic flashlight 300 lm. Switch for 3 brightness levels of a forward facing spotlight, two floodlight levels and a yellow flash. Battery level indicator. USB type-C charging port. IP66 rated.	1
	FL-CL28R	The Fenix CL28R Lantern for worksite. Max. 2000 lm white light output. Charged via the USB-C port. Can be used as a power bank. Perfect hands-free lighting tool.	1
	FL-E-CP	The Fenix E-CP Rechargeable Power Bank Flashlight. Bright 1600 lm flashlight. Can be used as a power bank. 5 brightness levels plus strobe. IP68 rated.	1
	FL-E03R	The Fenix E03R V2.0 rechargeable keychain flashlight features max. 500 lm. 4 brightness levels, red light, red flashing, and a pulse light. Recharge via the USB Type-C charging port. IP66 rated.	1
	FL-E28R	The Fenix E28R V2.0 EDC Flashlight. Max. of 1700 lm. Included 3400mAh Li-ion battery. Charge via USB Type-C charging port. Body clip and a magnetic base. Waterproof and dustproof.	1
	FL-HM60R	The Fenix HM60R Rechargeable Headlamp. Max. 1300 lm. Spotlight, floodlight, red light functions. USB Type-C charging port. Glove-friendly switch allows you to access the lighting mode.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	FL-HM65R-T	The Fenix HM65R-T Headlamp with patented headband fit system. Max. 1500 lm. Powered by the included 3400mAh battery, this headlamp is USB-C rechargeable. Made of a magnesium alloy.	1
	FL-HM70R	The Fenix HM70R Rechargeable Headlamp. Max. 1600 lumens. Up to 100 h continuous worktime. Glove-friendly switch. Neutral white light, red reading light, and red flash. IP68.	1
	380010	Knife developed and adapted to meet the needs of craftsmen, with a blade made from Japanese knife steel. The blade is made from 2.5 mm carbon steel that has been hardened to 58-60 HRC.	1
	380020	A powerful and durable ground knife. The blade is made from Japanese knife steel, 3 mm carbon steel that has been hardened to 58-60 HRC.	1
	380260	Craftsman's knife with friction grip. Developed and adapted to the needs of craftsmen. The blade is made from 2.5 mm German stainless steel that has been hardened to 57-59 HRC.	1
	03-63011	Snap off blade knife for blades with 18 mm. Metal guide and sturdy metal body design. Tool features snapper for worn out blade to make work easier. Ergonomic handle shape and anti slip inserts.	1
	03-64010	Spare snap off blades 18 mm wide, 0.5 mm thick are spare parts for knives. Set includes 10 pcs.	1
	03-02020	Plastic pipe cutter with cutting range up to 42 mm. Cutting blade made of stainless steel with hardness 56-58 HRC. Two material, ergonomic handle improves comfort of use.	1
	18-9025185	Pipe cutter for plastic composite pipes for cutting composite pipes from Ø 12 - 25 mm. With opening spring and locking device. Not suitable for cutting cables.	1
	18-902540	Pipe cutter for thick walled plastic and composite pipes from Ø 26 - 40 mm. Cuts using the ratchet principle. Self-adapting pipe support positions pipes of various diameters correctly for a rectangular cut.	1
	18-9410185	Pipe cutter for clean cutting of thin-walled plastic pipes (e.g. plastic conduit pipes) with Ø 6.0 - 35.0 mm. Not suitable for cutting cables. Blade is replaceable and can be retracted from any position.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	92-PC3030	Pica Dry is the professional construction graphite marker and is suitable for almost all material surfaces. High-tech push mechanism in stainless steel tube. Min. diameter: 2.8 mm. Lead length: 125 mm.	1
	92-PC4030	Pica DRY Refill-Set Graphite 10 pcs. 125 mm, thickness 2.8 mm.	1
	92-PC170-52	Pica BIG Ink Smart-Use Marker XL white. Suitable for all shiny and dry surfaces.	1
	92-PC170-46	Pica BIG Ink Smart-Use Marker XL black. Suitable for all shiny and dry surfaces.	1
	92-PC150-40	Pica INK deep-hole-marker red.	1
	92-PC150-41	Pica INK deep-hole-marker blue.	1
	92-PC150-46	Pica INK deep-hole-marker black.	1
	92-PC533-46	Permanent-Pen 'F' black, round tip, 0,7mm.	1
	359203	Marking measure Talmeter 3M. White, impact resistant steel tape measure, 16 mm blade width. Simple measure and mark both internal and external lengths.	1
	356103	Steel 5M measuring tape with marks on both sides for precise measures and setting out walls. Yellow steel blade, highly accurate inkjet print with a matt finish allowing reflection-free reading.	1
	356303	Steel 5,4M measuring tape with marks on both sides for precise measures and setting out walls. Yellow steel blade, highly accurate inkjet print with a matt finish allowing reflection-free reading.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	356203	Steel 8M measuring tape with marks on both sides for precise measures and setting out walls. Yellow steel blade, highly accurate inkjet print with a matt finish allowing reflection-free reading.	1
	03-75000	Caliper with measuring range 150 mm and measurement accuracy 0.02 mm. Measuring of inside and outside dimensions, depth and offsets. Practical plastic package.	1
	401853	An impact resistant spirit level 20 cm in red ABS plastic with magnets on the underside. Crush-proof tubular vials that are highly transparent and durable.	1
	401603	Spirit Level Plastic 60 cm. An impact resistant spirit level made from red polystyrene plastic. High transparency and durability. Horizontal vial with a magnification lens and luminescent reflector.	1
	401313	Mini pocket level magnetic is a compact spirit level with a magnet for fast and reliable horizontal and vertical measuring. Crush-proof focus vial with a +30% magnifying effect and a luminescent reflector.	1
	03-04228	Screwdriver set includes handle and 16 double sided 30 mm driver bits (flat, cross, Torx and hexagonal). Magnetic blades. Comes in handy case.	1
	03-03010	Adjustable wrench 150/6 mm is forged from durable chromium vanadium steel. It features large range of jaws adjustment 0-24mm. With ergonomic handle.	1
	03-03011	Adjustable wrench 200/8 mm is forged from durable chromium vanadium steel. It features large range of jaws adjustment 0-28.6mm. With ergonomic handle.	1
	03-03012	Adjustable wrench 250/10 mm is forged from durable chromium vanadium steel. It features large range of jaws adjustment 0-32.8mm. With ergonomic handle.	1
	03-03013	Adjustable wrench 300/12 mm is forged from durable chromium vanadium steel. It features large range of jaws adjustment 0-38mm. With ergonomic handle.	1
	03-09512	Hex key set. The set includes 9 keys sized 1.5 to 10 mm in practical package. Hex ball ends with working angle up to 30° improve functionality of the tools.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	03-09515	Hex magnetic key set. The set includes 9 keys sized 1.5 to 10 mm in practical package. Magnetic, hex ball ends with working angle up to 30° improve functionality of the tools.	1
	03-08823	Micrometer 3/8" torque wrench with a length of 410 mm, range of 10 - 60 Nm, accuracy +/- 3%. Window with scale makes it easy to set the desired values. Powerful 45-tooth ratchet mechanism.	1
	03-08825	Micrometer 1/2" torque wrench with a length of 490 mm, range of 40 - 200 Nm, accuracy +/- 3%. Window with scale makes it easy to set the desired values. Powerful 45-tooth ratchet mechanism.	1
	03-01010	Universal pliers 160 mm, are manufactured in accordance with DIN 5746, which proves the high durability of the product. Induction-hardened steel (55-60 HRC) was used for the jaws.	1
	03-01011	Combination pliers 180 mm, are manufactured in accordance with DIN 5746, which proves high strength of the product. The jaws are manufactured with induction hardened steel (55-60 HRC).	1
	03-01012	Combination pliers 200 mm, are manufactured in accordance with DIN 5746, which proves high strength of the product. Induction-hardened steel (55-60 HRC) was used for the jaws.	1
	03-01013	Straight long nose 160 mm pliers are made in accordance with DIN 5745. Jaws are made of high quality steel and induction hardened (55-60 HRC) to provide strong grip and efficient cutting.	1
	03-01014	Straight long nose 200 mm pliers are made in accordance with DIN 5745. Jaws are made of high quality steel and induction hardened (55-60 HRC) to provide strong grip and efficient cutting.	1
	03-01015	Bent long nose 160 mm pliers are made in accordance with DIN 5745. Jaws bent at 45° angle and induction hardened (55-60 HRC) provide strong grip and efficient cutting.	1
	03-01016	Bent long nose 200 mm pliers are made in accordance with DIN 5745. Jaws bent at 45° angle and induction hardened (55-60 HRC) provide strong grip and efficient cutting.	1
	03-01017	Side cutting pliers 160 mm is a universal tool. The cutting edges of the pliers are additionally induction hardened (55-60 HRC).	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	03-01018	Side cutting pliers 180 mm is a universal tool. The cutting edges of the pliers are additionally induction hardened (55-60 HRC).	1
	03-01019	Flat nose pliers 160 mm are made in accordance with DIN 5745. Jaws are made of high quality steel and induction hardened (55-60 HRC) to provide strong grip.	1
	03-01020	Round nose pliers 160 mm are made in accordance with DIN 5745. Jaws are made of high quality steel and induction hardened (55-60 HRC) to provide strong grip.	1
	03-01101	End cutting pliers 115 mm have cutting edges made of high quality steel and additionally induction hardened (55-60 HRC) to provide precise cutting. Durable nylon spring facilitates operation.	1
	03-01102	Long nose straight pliers 130 mm have serrated jaws made of high quality steel, which provide strong grip of small items. Durable nylon spring facilitates operation.	1
	03-01103	Long nose bent pliers 140 mm. Long and bent at 45° jaws are perfect for gripping small items. Durable nylon spring facilitates operation. Two material, ergonomic handle improves comfort of use.	1
	03-01105	Flat nose pliers 130 mm. Long, flat, serrated jaws ensure firm grip. Durable nylon spring facilitates operation. Two material, ergonomic handle improves comfort of use.	1
	03-01106	Side cutting pliers 110 mm. Cutting edges made of high quality steel and additionally induction hardened (55-60 HRC) provide precise cutting. Durable nylon spring facilitates operation.	1
	18-8701125SB	High-Tech water pump pliers 125 mm. Push the button for adjustment. Self-locking on pipes and nuts: no slipping on the workpiece and low handforce required.	1
	18-8701150	High-Tech water pump pliers 150 mm. Push the button for adjustment. Self-locking on pipes and nuts: no slipping on the workpiece and low handforce required.	1
	18-8701180	High-Tech water pump pliers 180 mm. Push the button for adjustment. Self-locking on pipes and nuts: no slipping on the workpiece and low handforce required.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	18-8701250	High-Tech water pump pliers 250 mm. Push the button for adjustment. Self-locking on pipes and nuts: no slipping on the workpiece and low handforce required.	1
	18-8701300	High-Tech water pump pliers 300 mm. Push the button for adjustment. Self-locking on pipes and nuts: no slipping on the workpiece and low handforce required.	1
	18-8751250	Extra-slim water pump pliers 250 mm. Particularly good access to the workpiece due to very slim construction of head and joint area. Favourable lever action: optimum transmission of force.	1
	18-8603180	Pliers and a wrench in a single tool 180 mm. Zero backlash jaw pressure prevents damage to edges of sensitive components. Lever transmission greater than 10 : 1 for strong gripping power.	1
	18-8603250	Pliers and a wrench in a single tool 250 mm. Zero backlash jaw pressure prevents damage to edges of sensitive components. Lever transmission greater than 10 : 1 for strong gripping power.	1
	18-8603300	Pliers and a wrench in a single tool 300 mm. Zero backlash jaw pressure prevents damage to edges of sensitive components. Lever transmission greater than 10 : 1 for strong gripping power.	1
	03-25103	Hammer 320 mm, 450 g. Essential for professional work use. The monolithic design makes the tool exceptionally strong. The hammer face is induction-hardened and laser-ground. Absorbs vibrations.	1
	03-25132	Hammer 345 mm, 450 g. Essential for professional work use. The grip is made of glass fibre, which is resistant to damage, moisture and temperature variation. Absorbs vibrations.	1
	03-25054	Rubber mallet 380 mm, 1200 gr. Shank made of hard hickory wood. Rubber head is wedge fixed on tapered shank to ensure safety of use.	1
	03-31062	Offset tin snip, left-handed 240 mm. Body is made of high quality chromium vanadium steel. Sharp edges in jaws cut through sheets lightly and smoothly.	1
	03-31063	Offset tin snip, right-handed 240 mm. Body is made of high quality chromium vanadium steel. Sharp edges in jaws cut through sheets lightly and smoothly.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	03-33081	Cold chisel with guard 22x19x300 mm is designed to make holes in walls, breaking and crushing hard materials. Tool is made of high quality chromium vanadium steel. Ended with flat blade.	1
	03-33082	Cold chisel with guard 35x19x300 mm is designed to make holes in walls, breaking and crushing hard materials. Tool is made of high quality chromium vanadium steel. Ended with flat blade.	1
	03-33083	Cold chisel with guard 50x19x300 mm is designed to make holes in walls, breaking and crushing hard materials. Tool is made of high quality chromium vanadium steel. Ended with flat blade.	1
	03-33084	Cold chisel with guard 75x19x300 mm is designed to make holes in walls, breaking and crushing hard materials. Tool is made of high quality chromium vanadium steel. Ended with flat blade.	1
	03-01026	Multifunctional tool with LED is an innovative solution. One tool comprises 12 various features. Tool comes in convenient case made of durable nylon for easy carrying and storage.	1
	03-61001	Caulking gun, skeleton design, with tube length 240 mm. Designed for tubes with approx. 300 ml volume. It features hexagonal shank with continuous advance for easier operation.	1
	03-61002	Caulking gun with tube length 240 mm. Designed for tubes with approx. 300 ml volume. Rotary, steel tube that allows to reach hardly accessible places while protecting the silicone cartridge.	1
	03-61011	Foam gun with brass head and teflon ball mechanism that prevents from dripping during operation. Aluminium alloy body and foam attachment ring are coated with teflon.	1
	37-MA34C	Drill guide 14-30 mm 3/8 HEX. For use with hole saws in cutting ferrous and nonferrous metals, woods, composites, and plastics.	1
	37-MA35PSC	Drill guide 32-152 mm 9,5mm 3/8 HEX.	1
	37-MA45PSC	Drill guide 32-152 mm 11 mm 7/16HEX.	1

Images serve an illustrative purpose.

	33-700C	Set of 6 HSS PRO drill bits 118° split point sizes Ø2-3-4-5-6-8 mm.	1
	33-706C	Set of 6 HSS 5% Cobalt drill bits 135° split point sizes Ø2-3-4-5-6-8 mm.	1
	33-707D	Set of 25 HSS 5% Cobalt drill bits 135° split point sizes Ø1-13 mm by 0,5 mm.	1
	33-708D	Set of 19 HSS 5% Cobalt drill bits 135° split point sizes Ø1-10 mm by 0,5 mm.	1
	33-910D	Set of 5 drill bits for wood PRO sizes Ø3-4-5-6-8 mm.	1
	33-917B	Set of 8 wood drill bits 3 points sizes Ø3-4-5-6-7-8-9-10 mm.	1
	33-925C	Set of 9 flat wood drill bits quick lock shank 1/4" sizes Ø14-16-18-20-22-24-26-28-30 mm.	1
	33-904D18	Flat wood drill bit 18x152 mm quick lock shank 1/4".	1
	33-904D22	Flat wood drill bit 22x152 mm quick lock shank 1/4".	1
	33-904D28	Flat wood drill bit 28x152 mm quick lock shank 1/4".	1
	33-904D35	Flat wood drill bit 32x152 mm quick lock shank 1/4".	1

Pumps & Accessories

Explore our diverse range of high performance pumps for various AC system installations, condensate management, and circulation needs. Easy installation reduces downtime, simplifies the installation process, enhancing air conditioning system user-friendliness.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SI27CE01UN23	Si-27 is suitable for air conditioners up to 20 kW. Piston technology is specially designed to remove condensate from air conditioners. The Si-27 is very reliable in any environment.	20
	SI20CE02UN23	Si-20 slim case design, allowing it to easily fit inside any type of air conditioner or duct system. Best-in-class performance and sound levels, high reliability. The patented piston pump technology.	6
	OP20CE02UN23	Omega Pack is designed to fit under mini-split air conditioning units. It includes the Si-20 pump, which incorporates the Sauermann piston pump technology.	6
	SI30CE02UN23	The high performance Si-30 is suitable for air conditioners up to 20 kW. Patented piston technology. Si-30 is very reliable in any environment.	20
	SI33CE01UN23	The high capacity Si-33 (30 l/h) is suitable for air conditioners with a capacity of 20 kW to 30 kW. The piston pump inside the Si-33 is specially designed to remove condensate from air conditioners.	20
	SI10CE03UN23	The special shape of the new Si-10 UNIVERSAL pump makes it ideal for both new installations and renovation solutions. The improved pump ensures a lower noise level and easy maintenance.	12
	DP10CE06UN23	Delta Pack 80x60 features a new elbow design that can be easily opened for maintenance without tools. The product contains the Si-10 UNIVERSAL pump. Ivory.	10
	DP10CE05UN23	Delta Pack 80x60 features a new elbow design that can be easily opened for maintenance without tools. The product contains the Si-10 UNIVERSAL pump. White.	10

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	SI60CE01UN23	Si-60 is a piston pump with a built-in tank (0.37l) suitable for air conditioning systems up to 20 kW. Its attractive, ergonomic and compact design makes it easy to install anywhere.	4
	SI82CE01UN23	Si-82 centrifugal pump. It is capable of pumping up to 500 l/h and is suitable for air conditioning and industrial refrigeration. It also tolerates high temperature and acidic condensates (pH>2.5).	4
	SI83CE01UN23	Si-83 tank pump is more compact than any other tank pump in its class. Easy to install. Si-83 has a custom smartphone app. Perfect for AC systems (up to 20 kW) and heating systems (up to 40 kW).	4
	SI83CE02UN23	Si-83 tank pump is more compact than any other tank pump in its class. Easy to install. Si-83 has a custom smartphone app. Perfect for AC systems (up to 20 kW) and heating systems (up to 40 kW).	4
	4232694	WiLO Atmos Pico 25/1-6. Max. working pressure PN: 10 bar; lifting height max: 5.8 m; Flow rate Q max: 3.0 m³/h; power supply: 1~230V, 50/60 Hz; Rotation speed min/max/n: 700-4200/min.	1
	4232696	WiLO Atmos Pico 25/1-8. Max. working pressure PN: 10 bar; lifting height max: 7.6 m; Flow rate Q max: 3.0 m³/h; power supply: 1~230V, 50/60 Hz; Rotation speed min/max/n: 500-4800/min.	1
	4232697	WiLO Atmos Pico 30/1-8. Max. working pressure PN: 10 bar; lifting height max: 7.6 m; Flow rate Q max: 3.0 m³/h; power supply: 1~230V, 50/60 Hz; Rotation speed min/max/n: 500-4800/min.	1
	4222650	WiLO Star Z Nova T, secondary return pump. Pump complete with ball shut-off and non-return valves with G1 thread, built-in time switch, temperature control. Blocking-current proof synchronous motor.	1
	4132760	WiLO Star Z Nova for domestic hot water circulation systems in the industry and building services. Glandless circulator with screwed connection and blocking-current proof synchronous motor.	1
	11175	Professional two stage pump TGAS-AS-215. High reliability two-stage vacuum pump equipped with ON/OFF switch, oil level indicator, solenoid valve and vacuum level indicator (Ø50 mm). Dimensions 240x88x183 mm. Weight 4 kg. Flow rate 42L/minute.	1
	11161	Professional one stage vacuum pump TGAS-MS-1 equipped with ON/OFF switch, oil level indicator. Dimensions 285x124x230 mm. Weight 6.3 kg. Flow rate 42L/minute. Oil in the device is 310 ml.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11163	Professional one stage vacuum pump TGAS-MS-2 equipped with ON/OFF switch, oil level indicator. Dimensions 285x124x230 mm. Weight 7.1 kg. Flow rate 70L/minute. Oil in the device is 310 ml.	1
	11165	Two-step vacuum pump with on/off switch, oil level indicator, ergonomic handle, solenoid with valve and vacuum gauge (Ø80 mm). Dimensions: 308x124x230 mm. Weight 7.5 kg. Flow 42L/minute.	1
	11167	Two-step vacuum pump with on/off switch, oil level indicator, ergonomic handle, solenoid with valve and vacuum gauge (Ø80 mm). Dimensions: 315x124x240 mm. Weight 8.6 kg. Flow 70L/minute.	1
	11169	Two-step vacuum pump with on/off switch, oil level indicator, ergonomic handle, solenoid with valve and vacuum gauge (Ø80 mm). Dimensions: 335x138x250 mm. Weight 11.4 kg. Flow 128L/minute.	1
	11170	Two-step vacuum pump with on/off switch, oil level indicator, ergonomic handle, solenoid with valve and vacuum gauge (Ø80 mm). Dimensions: 395x145x270 mm. Weight 17 kg. Flow 226L/minute.	1
	11715	Recovery station. Suitable for all refrigerants (CFC - HCFC - HFC). Weight 18 kg. Dimensions: 500x220x340 mm. Recovery capacities: gas up to 15 kg/h, liquid up to 108 kg/h and push-pull up to 334 kg/h.	1
	11680	Recovery station TGAS-REC-24/E – 1 HP, without separator. Equipped with two dry pressure gauges, suction line and discharge line, which allow the control of pressures during the recovery and transfer.	1
	11681	Recovery station TGAS-REC-24S model from 1 HP, with 3 taps and separation of oil and filter.	1
	11718	Professional draining and filling station with oil separator TGAS-REC-12/32 Compact for separating and refilling gas. Power 0.75 HP – 560 W. Dimensions 400x250x355 mm. Recovery capacities: gas up to 15 kg/h, liquid up to 132 kg/h and push-pull up to 378 kg/h.	1
	11712	Professional emptying and filling station with oil separator TGAS-REC-24 Compact for extracting and refilling gas from air conditioners. Power 1 HP – 750 W. Recovery unit equipped with two manometers (suction- and filling). Weight 15 kg. Dimensions. 450x250x355 mm. Recovery capacity: gas up to 30 kg/h, liquid up to 210 kg/h.	1
	12125	Strong aluminum toolbox "Jolly kit". Kit includes 2-step vacuum pump 42 L/min, pressure gauge (R32, R410A, R407 and R134A gas), hose kit, flaring tool, tube cutter, tube expander, deburrer.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	12129	Durable plastic toolbox "Easy kit". Kit includes 2-step vacuum pump with 42 L/min, universal manifold for gas TR422B – R407C – R410A – R32. Red/blue pipe with tap, yellow pipe with tap, clutch flaring tool.	1
	12103	Durable tool kit "Professional". Kit includes toolbox, 2-step vacuum pump 70 L/min, digital pressure gauge (R32, R410A, R407C, R417C, R417, TR422B and R1234YF gas), hose kit, digital refrigerant scale, thermometer, 1/4" SAE M x 5/16" SAE F adapters.	1
	11473	Spare vacuum gauge for vacuum pump, with central rear connection Ø 80 mm e 1/8" NPT.	1
	11474	Spare vacuum gauge for vacuum pump, with radial connection Ø 80 mm, without safety valve.	1
	11480	Spare vacuum gauge for vacuum pump, with rear connection Ø 50 mm.	1
	11389	90° gauge connection 1/4" SAE x 1/8" SPT.	1
	11485	Solenoid valve for vacuum pump, with 1/4 "SAE M x 3/8" SAE M connection and 230 V power supply cable.	1
	11569	Filter dryer for vacuuming and filling stations. Binds moisture and releases oil.	1
	11427	Mineral oil for vacuum pump. Viscosity 46, 500 mL.	1
	11428	Compressor oil. Viscosity 32. 1L.	1
	11421	POE compressor oil. Viscosity 68, 1L.	1

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11426	Mineral oil for vacuum pump. Viscosity 68, 1L.	1
	11459	Red pressure hose 1/4" SAE x 1/4" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11458	Blue pressure hose 1/4" SAE x 1/4" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11444	Red pressure hose 1/4" SAE x 5/16" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11449	Blue pressure hose 1/4" SAE x 5/16" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11662	Red pressure hose with 45° tap 1/4" SAE x 1/4" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11663	Blue pressure hose with 45° tap 1/4" SAE x 1/4" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11664	Red pressure hose with 45° tap 5/16" SAE x 1/4" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11665	Blue pressure hose with 45° tap 5/16" SAE x 1/4" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11440	Red pressure hose with tap 1/4" SAE x 1/4" SAE. Length 3000 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11443	Blue pressure hose with tap 1/4" SAE x 1/4" SAE. Length 3000 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1

Images serve an illustrative purpose.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	11445	Red pressure hose with tap 5/16" SAE x 1/4" SAE. Length 3000 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11447	Blue pressure hose with tap 5/16" SAE x 1/4" SAE. Length 3000 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11450	Yellow pressure hose with a tap 1/4" SAE x 1/4" SAE. Length 1500 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11452	Yellow pressure hose with a tap 1/4" SAE x 1/4" SAE. Length 3000 mm. Max. 60 bar. Suitable for refrigerants TR422B (R22), R407C, R404A, R134A, R410A and R32.	1
	11462	Ball valve tap for refrigerant gas 1/4" SAE F x 1/4" SAE M.	1
	11463	Ball valve tap for refrigerant gas 5/16" SAE F x 1/4" SAE M.	1
	11630	Shut-off valve 1/4" M x 1/4" SAE F. Allows you to connect the pressure hose to the air conditioner safely without leaking the refrigerant and oil.	1
	11631	Shut-off valve 1/4" M x 5/16" SAE F. Allows you to connect the pressure hose to the air conditioner safely without leaking the refrigerant and oil.	1
	11433	4-ways type manifold with flow level indicator. R410A - R32 - Ø 70 mm. Bourdon spring Ø 70 mm - hook 1/4" SAE fittings.	1
	11438	4-ways type manifold with flow indicator developed for a universal use with TR422B (R22) - R407C and R410A - R32 gases. Pressure gauges Ø 70 mm. Gauges in oil bath and stainless steel case.	1
	11530	Manifold set in the protective plastic case. Includes 4-way manifold for gas R410a - R32. 1 pipes set for high and low pressure L. 1,5 m and 1 pipe for vacuum for pump connection to manifolds with taps.	1

Safety Equipment

Discover our comprehensive selection of safety equipment, including protective goggles, ear protection, masks, and first aid kits. We prioritize safety in various environments, ensuring your well-being and peace of mind.

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	44-370	TAMREX A+ quality synthetic leather work gloves.	1
	44-315	TAMREX A+ quality goat skin work gloves.	1
	44-3122	TAMREX knitted nylon gloves with microdots on the palm.	1
	44-3627	TAMREX GreyDiamond work gloves with nitrile palm.	1
	44-3613	TAMREX work gloves with PU palm.	1
	44-3616	TAMREX PerfectFit TouchScreen work gloves with PU palm.	1
	44-3127	TAMREX cotton work gloves with micro dots.	1
	44-GL897	POLYCO disposable nitrile gloves, powder-free. 100 pcs.	100

	PRODUCT CODE	DESCRIPTION	PCS/BOX
	44-GL100	POLYCO Healthline disposable thick nitrile gloves. 100 pcs.	100
	F621	JSP FFP2 respirator (minimum filtration efficiency 94%).	1
	F622	JSP FFP2V respirator with exhalation valve (minimum filtration efficiency 94%).	1
	TU51300	TAMREX Basic safety glasses with colorless lens.	1
	TU56800	TAMREX EntryL safety glasses with colorless lens.	1
	TU50511	TAMREX Maxcomfort safety glasses with colorless lens.	1
	TU50519	TAMREX Maxcomfort safety glasses with yellow lens.	1
	TU553Z02	TAMREX Zeronoise safety glasses with colorless lens.	1
	TU5X700	TAMREX Overspec goggles with colorless lens.	1
	TU5X100	TAMREX Safetyflex safety glasses with colorless lens.	1
	TU5X105	TAMREX Safetyflex G15 protective sunglasses.	1

	EA115	TAMREX first aid kit XL.	1
	EA201	VALVAS first aid cabinet contents, small.	1
	EA202	VALVAS first aid cabinet contents, large.	1
	1922500	SALVEQUICK patch dispenser.	1
	SAN100S	TAMREX Sanitizer antiseptic spray 100 ml.	1
	WP7260	CEDERROTH eye wash liquid 150 ml.	1
	1922575	BURNSHIELD 125 ml burn gel.	1
	003PG	TAMREX 3 kg premium powder fire extinguisher (21A-144B-C).	1
	U002C	TAMREX 2 kg CO ² fire extinguisher.	1
	FS2025	TAMREX dual attachment safety harness.	1
	3112124	PELTOR G3000 helmet with tension wheel.	1

Dear valued customer,

We extend our heartfelt gratitude for choosing Bestair products. Your trust and loyalty inspire us to continually innovate and deliver the highest quality products. Know that your satisfaction is our ultimate reward. We are committed to enhancing your well-being and comfort, ensuring a healthier environment for you and your loved ones. Thank you for being a part of the Bestair family. We look forward to serving you with excellence for many years to come.

**Warm regards,
Bestair Team**
